

CHALK - HOW TO MAKE FROM EGGS

Need:

Eggshells

Flour

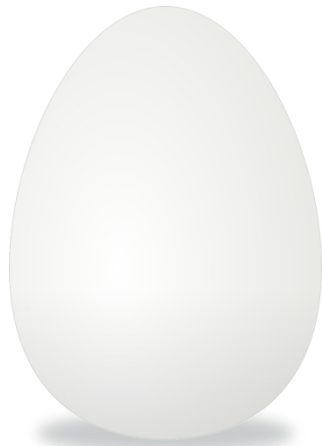

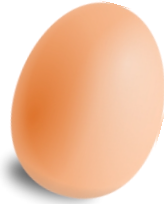

Food coloring

Mold - Test tubes are good

Baking Paper

Water

Blender or Bowl and Spoon or Rolling Pin

How to:

Cut the baking paper to fit your mold and place inside the mold - Shiny side up

Grind up the egg shells using Blender or Bowl and Spoon or Rolling Pin

Keep going until all you have is a fine powder

Mix 2 parts flour to 1 part egg shell

Add slowly a small amount of water to blend the flour and egg shell together

Add food colouring

Place into the mold

Leave to dry for 24 hours

Slide the chalk out of the mold
