

# Crystal Shapes

## Comparing Materials

For each of the four materials ask the properties questions  
*Can be done as either a class discussion, in small groups of 3  
 or group vs group trivia style competitions*

### Property Questions:

1. For material A/B/C/D is it \_\_\_\_\_?
2. Will \_\_\_\_\_ effect A/B/C/D's ability to do well in this experiment?
