

Bubble Wands - Pipe Cleaner

Need:

2 + (2-5) Pipe Cleaners

Bubble Mixture

Any of the ScienceKiwis bubble mixture recipes will work

How to:

Use 1 or more pipe cleaners and twist into a loop / Circle / shape of your choice

Twist the end of the second pipe cleaner over a part of your loop / circle / shape - This will be your handle

How to use:

Simply dip your shape end into the bubble mix for 3-5 seconds

Then lift out and blow

Extension:

Testing sizes

Test how different sizes effects the ease of blowing bubbles and the size of bubbles by creating bubble wand circles that are 1 pipe cleaner, 2 pipe cleaners, 3 pipe cleaners, 4 pipe cleaners, 5 pipe cleaners big!

Which size works the best?
