

Build a River

Need:

Area of dirt or mud that is on a slight slope

Lots of rocks, pebbles and stones

Twigs, leaves and other things from nature

Small spade or large spoon

Hose - for water

Pencil

Paper

NOTE Outside activity

How to:

Draw out a plan for your river

Once you have your plan head outside

Use your small spade or big spoon to dig the main route of the river

Place rocks, stones and pebbles around the edges of your river

Decorate your river

Run the hose to fill your river with running water
